What is SUPER CRO's Mission?

Our Mission with SUPER CRO is to create safe places where people who have experienced mental health diagnosis can come together to support each other in furthering their recovery, and join their voices to support improving mental health services. It is a place to receive support, but more importantly, a place to give back, to be of service and contribute to my community.

SUPER CRO has had an abstract accepted for the 2019 VMIAC Consumer Conference: Listen Up Louder on 31st October.

The presentation will focus on the Recovery Box Project. The Recovery Box is a small box (about the size of a slice of bread) that plugs into a TV monitor through a HDMI cable. It allows users to access a range of programs that will change how

information about Recovery is made available to Consumers, Carers, Mental Health Professionals and the public. More information about the Recovery Box Project [click here](#)

The 2019 Team Marbles Challenge (TMC) is another project supported by SUPER CRO. The TMC was first played in 2012, this year the Red Team won the event.

Congratulations to Lynda Hennessey and the rest of the team. More information can be obtained [here](#).

Another project that SUPER CRO is working on is the Warm Fused Glass Workshops. Peter Hawes has agreed to run one of the workshops in Victoria on 13 and 14 February 2020. The workshop will involve participants learning how to make Glass Pendants for either personal use or to join the online store Market Taxi that will enable Active Members of SUPER CRO to be able to market their products online and have them delivered to customers any where in the world at a minimum of fuss.
