

2021 Team Marbles Challenge

Welcome to the start of organising the 2021 Team Marbles Challenge being hosted by SUPER CRO during September 2021 Covid-19 permitted. The challenge if it goes ahead will be very different this year. A Captain and supporters meeting is being planned to be held on Zoom in May this year and you can register your interest [here](#).

Background on the Team Marbles Challenge

Originally the Team Marbles Challenge came from an event held in 2010 in the local Surry Hills community in Sydney to raise awareness and break down stigma around mental illness with a fun community event and information sharing.

The Inner-City Working Group 4 Mental Health Recovery Network (MHRN) hosted a World Record attempt for the largest numbers of people playing with yo-yo's at the same time. The event was titled "Yo Yo Au Go Go" – see pages 18 <https://cosnp.files.wordpress.com/2014/01/narrativebooka-11-57-28.pdf>

This community event aimed to highlight the "ups and downs" of life that we all experience and to raise awareness about the importance of good mental health. The day was a great success, and while no records were broken, 300 people attended and had lots of fun learning (or re-learning) yo yo skills.

In keeping with this theme, in 2012 another event was held called "Don't Lose Your Marbles", which involved marble activities, including a guessing competition and a marble run. A range of local agencies were represented and brought information along plus volunteers who made marble cakes for the afternoon tea. The day was supported by members of The Inner-City SUPER Group (Service Users, Participating, Educating and Researching).

In 2013 SUPER Group members decided to create the Team Marbles Challenge to raise awareness about The Inner-City Recovery Cave, a space on the 3rd floor of the O'Brien Centre at St Vincent's Hospital, Inner City Health Program.

The aim of the SUPER group was for people to share ideas that promote St Vincent's Hospital becoming a recovery-focused service. SUPER Group members encouraged participants to identify their dreams, find out what they want, then encourage people to use their Consumer Wellness Plans to identify their strengths and strategies to stay well and follow their dreams.

The SUPER Group has now become the SUPER CRO www.supercro.com and meets on the 3rd Friday of the month between 3 and 4.30 pm by Zoom you can attend this meeting by clicking on this [link](#).

In 2020 The Inner-City Teams Marble Challenge was cancelled due to Covid-19. The Team Marbles Challenge can refocus and be ready to take advantage once all Covid-19 restrictions have been lifted across.

Tasks for 2021 will be discussed at the Team Captains meeting in May.

Each team will have a Team Captain plus as many members needed as constructors, and supporters. The decision was made for each Team to identify Ambassadors to be the Marble rollers for Task 3. Team captains are encouraged to get people to like their Facebook page and enrol supporters via the internet www.cosnp.info or on the sheet on the last page; Supporters may or may not attend the event – this allows the team captains to promote the event through their networks - the team with the biggest increase of post engagement scores on their Facebook page between 1/9/2021 and 30/10/2017 receives the most number of points for task 1a. The team with the most registered supporters receives the greatest number of points for task 1b. Once the challenge gets underway each registered team needs to complete two other tasks.

Task 2: *In 2019 the structure for the challenge will be either no 2, 3, 4, 5, 6 or 9 from Quadrilla: The Cyclone and the no will be drawn at 3.15 – the time taken to complete this task will determine the points for each team. The table on the next pages shows the times teams took to do this task in 2015.*

Task 3: *Ambassadors roll 50 marbles through the structure – Teams can have up to 4 ambassadors: the table on the next pages shows the times teams took to do this task in 2015.*

The team with the lowest points total will go first, followed by next lowest until all teams have had a turn. The time it takes to complete all tasks will determine the points for each team (Ambassadors can have several practice runs prior to starting the official timed run, however if the team needs to change the design of the ramp, the additional time will be added to the team's time to construct the ramp).

Each task that a team completes will earn points for the team, at the completion of the four tasks the team with the most points become the 2017 Team Marbles Challenge Champions and the responsibility to look after Ben the mascot for the Team Marbles Challenge.

- The points for 1st place in each task is worth 10 points
- The points for 2nd place in each task is worth 7 points
- The points for 3rd place in each task is worth 4 points
- The points for 4th place in each task is worth 3 points
- The points for 5th place in each task is worth 2 points

- The points for 6th place in each task is worth 1 point
