

# 2021 Team Marbles Challenge

Welcome to the start of organising the 2021 Team Marbles Challenge (TMC) being hosted by SUPER CRO during September and October 2021. The challenge will be very different this year. A Captain and supporters meeting was held in June on Zoom and people agreed that we would change the way the TMC had been played in previous years to accommodate how Covid-19 has impacted life in Australia.

## Tasks for 2021 include:

*Each team will have a Team Captain plus as many members needed as constructors, supporters, and marble rollers.*

*The first task for Team captains is to get supporters to like there Facebook page. [Click here](#)*

*The second task is to enrol supporters on the sheet on the last page of the Captain's Information pack.*

*Supporters may or may not attend the event – this allows the team captains to promote the event through their networks - the team with the biggest increase of post engagement scores on their Facebook page between 1/10/2021 and 27/10/2021 receives the maximum number of points for task 1.*

*The team with the most registered supporters receives the greatest number of points for task 2. Once the challenge gets underway each registered team needs to complete two other tasks.*

**Task 3:** *In 2021 the structure for the challenge will be no 1 from Quadrilla. This task will not be timed this year as teams will be holding local events and large gatherings may not be possible in all locations.*

**Task 4:** *has also changed this year and this task will be used to encourage locals to roll 10 marbles through the structure – Teams can have as many people roll marbles at their local event. If the team wants to be eligible to be part of the final on Zoom on 27 October 2021. Teams will need to be able to record the times the top 5 marble rollers took to complete. People can have as many practices as the Team Captains can organise for their local communities. More information: <https://supercro.com/team-marbles-challenge/>*

Each task that a team completes will earn points for the team, at the completion of the four tasks the team with the most points become the 2021 Team Marbles Challenge Champions and the responsibility to look after Ben the mascot for the Team Marbles Challenge.

- The points for 1<sup>st</sup> place in each task is worth 15 points
- The points for 2<sup>nd</sup> place in each task is worth 12 points
- The points for 3<sup>rd</sup> place in each task is worth 9 points
- The points for 4<sup>th</sup> place in each task is worth 5 points
- The points for 5<sup>th</sup> place in each task is worth 2 points
- The points for 6<sup>th</sup> place in each task is worth 1 point

## Background on the Team Marbles Challenge

Originally the Team Marbles Challenge came from an event held in 2010 in the local Surry Hills community in Sydney to raise awareness and break down stigma around mental illness with a fun community event and information sharing.

The Inner-City Working Group 4 Mental Health Recovery Network (MHRN) hosted a World Record attempt for the largest numbers of people playing with yo-yo's at the same time. The event was titled "Yo Yo Au Go Go" – see pages 18 <https://cosnp.files.wordpress.com/2014/01/narrativebooka-11-57-28.pdf>

This community event aimed to highlight the "ups and downs" of life that we all experience and to raise awareness about the importance of good mental health. The day was a great success, and while no records were broken, 300 people attended and had lots of fun learning (or re-learning) yo yo skills.

In keeping with this theme, in 2012 another event was held called "Don't Lose Your Marbles", which involved marble activities, including a guessing competition and a marble run. A range of local agencies were represented and brought information along plus volunteers who made marble cakes for afternoon tea. The day was supported by members of The Inner-City SUPER Group (Service Users, Participating, Educating and Researching).

In 2013 SUPER Group members decided to create the Team Marbles Challenge to raise awareness about The Inner-City Recovery Cave, a space on the 3rd floor of the O'Brien Centre at St Vincent's Hospital, Inner City Health Program.

The aim of the SUPER group was for people to share ideas that promote St Vincent's Hospital becoming a recovery-focused service. SUPER Group members encouraged participants to identify their dreams, find out what they want, then encourage people to use their Consumer Wellness Plans to identify their strengths and strategies to stay well and follow their dreams.

The SUPER Group has now become the SUPER CRO [www.supercro.com](http://www.supercro.com) and meets on the 3<sup>rd</sup> Tuesday of the month between 1 and 3 pm by Zoom you can attend this meeting by clicking on this [link](#).

In 2020 The Inner-City Teams Marble Challenge was cancelled due to

Covit-19. The Team Marbles Challenge will be different this year however we will have fun in the sun. More information: <https://supercro.com/team-marbles-challenge/>
